

PIROT CAPTURED.

The Bulgarians Enter the Town After Hard Fighting—Another Armistice.

Sofia, November 28.—Reports from Prince Alexander's headquarters at the front state that the Bulgarians continue their forward movement. A severe battle was fought at Piro, in which the Bulgarians forced the Servians to retire at the point of the bayonet, and captured that town. The town is occupied by a force of Bulgarians, and a portion of Prince Alexander's army has advanced several kilometers beyond the town.

Belgrade, November 28.—No drastic changes in Serbia are expected. Austrian influence in Serbia is waning, because Russia initiated the movement for an armistice, and the latter power has grown stronger in the esteem of the Servians. A change of ministry, which may occur on account of this transition of feeling, will not affect the fidelity of King Milan to Austria.

The Servian Government has called upon every man in Nissa, under penalty of being shot, to provide himself with three days' rations and prepare to defend Piro and Nissa. Five thousand Servian troops are disabled. The army is suffering.

The inhabitants of Roumelia have sent a collective petition to Prince Alexander, urging him to commence direct hostilities with Servia. A Vienna dispatch says Prince Alexander will claim a portion of Servian territory extending from the boundary line to Nissa, unless the powers recognize the union of Bulgaria and Servia.

A Constantinian dispatch says Servia and Bulgaria have agreed to an armistice on the mediation of Turkey, Austria and Russia.

Gladstone Falls Through.

LONDON, November 28.—The country anxiously awaited the news from Midlothian. In all the principal towns and towns great crowds gathered around the newspaper offices. There were thousands of people outside of the Cable News building at 1:15 o'clock this morning, when the result of the election in Midlothian was received. When the announcement was made that Mr. Gladstone had received 72,325 votes and Mr. Dalrymple the enthusiasm of the liberals found vent in cheers and singing of "He's a jolly good fellow." Groans from the conservatives and nationalists mingled with the cheers, and a few sermons took place.

Yesterday's polling in Scotland shows an undiminished number of liberal votes throughout Scotland. There are no symptoms of a conservative reaction in that country.

The Church Record, analyzing the result of the elections in 143 divisions, finds that forty-eight candidates who favored disestablishment were defeated and only twenty-eight returned.

The latest election returns put 121 liberals, 124 Tories and eighteen Catholics elected last year. The Tory gain is twenty-six.

The results of the elections so far show that the liberals have elected 141 candidates, the conservatives 135, and the nationalists 19. The results of the elections are as follows:

Mrs. Krow, an old lady of Crawfordville, fell down an open cellar on Thursday and was three days.

The convicts in the Southern Prison at Jeffersonville were given a good dinner and a day off on Thanksgiving.

George W. Boyd has been acquitted of the charge of attempting to bribe Francis Storn, of Cain Township, Fountain county.

The management of Terre Haute work has decided to put puddlers to work next Monday. They have been nearly a year.

The trial of David and Sarah Spiker, of Urbana, Wabash county, for adultery, an account of which was given in yesterday's News, resulted in their acquittal, neither of them appearing for trial.

A sale of \$375,000 bonds of the E. R. & S. E. Railway was made at Evansville yesterday by the United States marshal, and one Francis R. Crowder, of the same place, was the successful bidder.

Charles Bucher, of Flora, Carroll county, was captured yesterday by a posse of men in default of \$1,000 bond, on a charge of assault and battery with intent to kill. He was bound over to the grand jury for trial.

Dr. Brown, colored, of Jeffersonville, was arrested on Thursday morning, when he was found in the hands of a woman who had been under no treatment, and is unable to account for the sudden recovery.

The fifteenth anniversary and golden jubilee of the First Presbyterian Church of Peru closed its meeting yesterday. The church was elegantly decorated with flowers, and banners at intervals between each window on the wall gave the names of each minister and year of his services.

Ben. Johnson, aged seventy-nine, died at Jeffersonville yesterday. He was a member of the Legislature for one time. He served in the army during the war, and has been in the penitentiary for twelve years for housebreaking, a crime which he committed in order to take care of his family.

A large circular saw used in the carriage and wagon shops of Mr. Samuel at Rochester, Ind., yesterday morning, was thrown through the side of the building, passed over several houses, and struck the ground near the factory. Mr. Heistler, who was in the room, was hit by one of the fragments and seriously injured.

C. E. Grable is on trial at Corydon on a charge of being a gambler, and of being a "knave of the switch," who whipped Salomon Dixon two years ago. Miss Dixon had brought testimony in this case, and she was called to the stand. The last grand jury returned an indictment against him for kidnapping in the whipping, and it is thought that the evidence will be strong enough for conviction.

Frank Abbott and John Tomlinson are charged with having robbed an old German pedlar at Sellersburg yesterday. The pedlar was discharged, the evidence being insufficient. Additional evidence has been taken against them, and they are now in the hands of the law.
